

# After Sales & Services

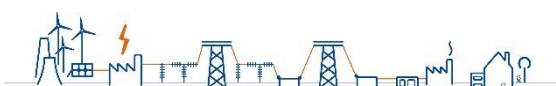

## Talk to us - among other things about:

- **Maintenance and repair services**
- **Fleet management**
- **Support during commissioning**
- **Retrofit projects**
- **Your availability bottlenecks**
- **Reusability of older cast resin transformers (out of warranty or guarantee)**
- **Transformers in critical operating situations**

We offer you the solution to your needs by assessing and evaluating your situation together with you. We then work with you to develop the best solution so that together we can achieve your goal.

Of course, we also offer various services for **OHTER BRANDS!**

## Some of our services:

- **Repairs / maintenance** (e.g. in the event of damage to the high voltage coils, damage to the core coating,...)
- **Component exchange** (e.g. coil exchange after damage...)
- **Expert transformer cleaning / visual inspections**
- **Mechanical check** (screw connections, coil locking...)
- **Electrical tests on site** (routine and special tests...)
- **Commissioning / supervision**

... as well as individual services on request.

## Your advantages are obvious:

- **Additional cost saving** (repair vs. new purchase)
- **Possible service life extension**
- **Increasing operational reliability**
- **Stabilisation of energy availability**
- **Conservation of your resources**
- **Contribution to sustainability**

... and surely many more, which  
result from your individual situation.

## Trainings:

**Various individual, technical coaching sessions / workshops**  
(e.g. on the subject of maintenance, servicing, upgrading measures, etc.)

## Contact:

**+49 941 7841-6000**
